

Graham Sinclair

Principal, Sinclair & Company LLC

Graham Sinclair is a sustainable investment strategist, ESG investment architect and global project leader. His research and advisory engagements model investment architecture integrating environmental, social and governance factors in emerging and frontier markets, especially Africa. Since 2006 Sinclair & Company has delivered design and strategy for the IFC, UN, WBCSD, trillion-dollar investment managers, and international organizations. Before joining KLD in Boston, he worked in pensions consulting and investment banking through 2002. Graham has graduate degrees in business and law and leads sustainable investment seminars in North America, Europe and Africa. He resides in Vermont, USA and Cape, South Africa.
